

BIRD WALK

at Lagoon Park

Saturday, June 2nd at 8:00 am

Join the Canandaigua Lake Watershed Association for a bird walk at Lagoon Park led by Doug Daniels, a Canandaigua resident with a keen interest in birds. We will gather for about ten minutes to discuss the plants and birds that we may encounter. The walk will cover the entirety of Lagoon Park and will involve about 0.5 miles of flat walking.

The date was chosen to coincide with peak migration of passerines (songbirds), as well as waterfowl which breed in the Finger Lakes region. Many birds breed in NYS but many others move through during migration to more northerly habitats.

We will meet at the parking area along Lakeshore Dr. across from Lagoon Park (in front of the "Bird Nest") at 8:00 am. The walk should last about an hour. Participants should bring binoculars if they have them.

Carolina Wren

Hooded Mergansers

Walk led by: Doug Daniels

Doug's interest in birding began when he worked as a National Park Ranger / Naturalist at Fire Island National Seashore for three summers, 1969-71. He uses eBird and has recorded nearly 400 species of birds in NYS. He has participated in all kinds of data collection and birding surveys for Audubon, The Nature Conservancy, NYS Breeding Bird Atlas and Montezuma NWR.
